AVAILABILITY

You can choose Trikon Home NBN™ Service if your residence is serviceable with NBN Service.

TECHNOLOGY TYPES

This service is supplied using the National Broadband Network (NBN).

We Provide NBN using the following technologies:

- Fibre to the Node (FTTN)
- Fibre to the Curb (FTTC)
- Fibre to the Building (FTTB)
- Fibre to Premise (FTTP)
- Hybrid Fibre Coaxial Network (HFC)
- NBN Fixed Wireless

NBN is available in selected coverage areas and is subject to in-frastructure availability as and when updated by NBNCO. In the event of a power outage, your services will not work unless you maintain a back-up battery. If you take up an NBN service, you will not be able to move back to a copper-based service. OTHER INFORMATION

CONNECTION TIME FRAMES

Once we have approved and accepted your application, we will try to connect your Home NBN Service on the earliest and best available date, however, this is not always possible. For any extended delays, we will make every reasonable effort to contact and advise you as to the reason(s). You are required to contact us where the delay has fallen outside of the agreed timeframe as per your written agreement. If there has been a previous working Home NBN Service at your premises and we can reconnect it without having to visit your premises, the node or anywhere in between we aim and estimate a minimum connection timeframe of up to 14 business days.

Non-exhaustive factors to account for:

- a) Distance and Location
- b) Appointment Availability
- c) Order Type

GETTING READY FOR THE NBN™ NETWORK

If the NBN network is soon to be available at your premises and you wish to prepare for the transfer to the NBN network with Trikon, we will set you up with NBN ready services, manage your transfer and attempt to make the transfer as smooth as possible. To do this, we will need your agreement, assistance and confirmation to access your premises. Where essential, we will contact you about any requirements or changes, regarding NBN Ready Services.
